

# Firoda National School

## Data Protection Policy

### Introduction

This policy was recently formulated by Staff and Board of Management of Firoda National School. The purpose of the policy is to identify the records required to be retained by the school and to ensure confidentiality and manageable procedures in relation to access to such records by parents and stake holders.

### Rationale

- A policy on data protection and record keeping is necessary to ensure that the school has proper procedures in place in relation to accountability and transparency
- It is good practice to record pupil progress so as to identify learning needs
- A policy must be put in place to ensure a school complies with legislation such as;
  - Education Act, Section 9g requiring a school to provide access to records to students over 18/parents
  - Education Welfare Act - requiring a school to report school attendance and transfer of pupils
  - Data Protection Acts 1998-2003.

### Relationship to School Ethos

Firoda National School promotes openness and co-operation between staff, parents and pupils as a means towards providing the caring environment through which a child can develop and grow to full potential.

### Aims/Objectives

- To ensure the school complies with legislative requirements
- To clarify the types of records maintained and the procedures relating to making them available to the relevant bodies
- To put in place a proper recording and reporting framework on the educational progress of pupils

- To establish clear guidelines on making these records available to parents and pupils over 18
- To stipulate the length of time records and reports will be retained

### **Guidelines**

The Principal assumes the function of data controller and supervises the application of the Data Protection Act within the school. The data under the control of the Principal comes under the following headings.

### **Personal Data**

This data relates to personal details of the students such as name, address, date of birth, gender, ethnic origin, nationality, religious belief, medical details, dietary information, PPSN. It does not include parents and guardians details. These are kept in the Administration Office in hard copy format and on computer by the school.

### **Note:**

- The school cannot request a PPS number for the purpose of expressions of interest in enrolment of pupils i.e. at pre-enrolment stage
- The school can request a PPS number for actual enrolment purposes itself
- All SEN applications must be accompanied by the personal details of a pupil, including the PPS number.

### **Student Records**

Student records are held in the administration office. Student records contain:

- Personal details of the student
- School report cards
- Psychological Assessments (if any)
- Standardised Test Results
- Attendance Records
- Screening Test such as MIST and BIAP
- Teacher - designed tests. Each class teacher designs his/her own test template
- Diagnostic Tests Reports
- Individual Education Plans
- Learning Support/Resource Data such as records of refusals to allow children access to LS/RT services in the school
- Portfolios of student work e.g. Art
- Staff Data - name, address, date of birth, contact details, payroll number, pension details, attendance records, qualifications, school records, etc.
- End of year student reports cards.

### **Administrative Data**

- Attendance Reports, Roll Book, Registers
- Accident Report Book
- Administration of Medicines Indemnity Form.

### **Access to Records**

The following will have access where relevant and appropriate to the data listed above;

- Parents/Guardians
- Past Pupils over 18
- Health Service Executive
- Designated School Personnel
- Department of Education and Skills
- First and Second level schools (where relevant).

A parental authorisation form must be completed by parents in the event of data being transferred to outside agencies such as health professionals etc. Outside agencies requesting access to records must do so in writing giving seven days notice. Parents/Guardians can make such a request either by phone or in writing.

The Annual School Report format and its communication to parents are outlined clearly in our schools Pupil Profiling/Reporting on Pupils Policy. A standardised school report form is used which is issued to the parents in the weeks coming up to the school holidays so that parents can meet with teachers to discuss the content of the reports.

### **Storage**

Records are kept for a minimum of 7 years. The raw score, stens and percentiles are kept on record until pastpupils reach adulthood.

A pupil profile is held by each teacher in his/her individual classroom and passed on to the next teacher as the child moves to the next class.

As children pass to second level their personal records are stored in the school for a period of time (7 yrs minimum). All completed school roll books are stored in addition to samples of children's work and pupil profiles. Access to these stored files is restricted to authorised personnel only. For computerised records, systems are password protected.

### **Success Criteria**

- Compliance with Data Protection Acts 1998-2003
- Compliance with Statue of Limitations Act 1957-2000
- Easy access to records
- Framework in place for ease of compilation and reporting
- Manageable storage of records.

### **Roles and Responsibilities**

The school staff, under the direction of the Principal will implement and monitor this policy. Individual teachers will design, administer and record all in-class testing. The Principal will ensure records are maintained and stored, particularly the records of students transferring to another school.

**Implementation Data**

This new policy is effective from April 2018. All records held from before that date will continue to be maintained.

**Review /Ratification/ Communication**

This policy was ratified and communicated in a Board of Management meeting. It will be reviewed at the end of the next school year and amended if necessary.
